\* All Varilux Digital lenses except Varilux Physio Enhanced & Varilux Comfort Enhanced

\*\*E-SPF® is a global index rating the overall UV protection of a lens. E-SPF was developed by Essilor International and endorsed by 3rd party experts. A lens rating of E-SPF 25 means that an eye protected by the lens will receive 25 times less UV exposure than without any lens. E-SPF of 25 when Crizal is made with any lens material other than clear 1.5 plastic.
